

Film Scoring

One of the top film scoring programs in the world, the Film Scoring Certificate gives students opportunities to score cues for films, television shows, and video games. Instruction emphasizes maximizing a project's budget by composing music both electronically using MIDI and using professional union musicians. Students learn the essential creative, business and technical skills needed for a successful career in film scoring. By the program end, participants have composed and produced many pieces suitable for their professional reels.

Application & Candidacy Fee: \$200*

Estimated Program Tuition: \$14,750

Estimated Cost of Textbook/Materials: \$550

Additional Required Materials: Film Scoring students must have access to a sequencing workstation in which audio can be recorded and synched to video (a sequencing workstation is software that combines audio and MIDI recording, editing, and a variety of other tools for working with music and sound on a computer). Computer hardware and software is available at a discount for UCLA Extension certificate students at the UCLA Store.

Duration: 1 year (Full-Time pace) to 3 years

Unit Requirement: 48

Minimum GPA Requirement for Certificate Completion: 3.0

*This program is open admission. The Application & Candidacy fee establishes your candidacy in a certificate for a period of time covering normal progress toward completion and allows you access to a variety of program benefits.

Prerequisites: Students who wish to take courses in the Film Scoring certificate program should have a basic musical background and should possess the following skills before beginning any coursework:

- Ability to read music: the musical staff and clefs, notes in both treble and bass clef, notes on the piano keyboard, accidentals, rhythmic values (i.e. whole, half, quarter, eighth, sixteenth, dotted values, etc.), simple and compound meters
- Music Theory Fundamentals: major scales, all forms of minor scales (i.e. natural, harmonic, melodic), major and minor key signatures, the circle of fifths, intervals and interval inversions, interval qualities (i.e. perfect, major, minor, diminished, augmented), chord qualities and inversion symbols, triads (major, minor, diminished, augmented), seventh chords (i.e. dominant sevenths, half diminished, full diminished, etc.)

Domestic students can begin in any quarter. F-1 Visa students are only eligible for entry in the summer or winter.
